The diagram illustrates a file dependency structure. At the top is a header file box (shaded gray) containing the path and filename: /home/rob/MyGit/Pi_In_The_Sky-master/main_program/test3_MQTTSerialLink/RoombaMQTT.h. Below it are two source file boxes (white). The left box contains the path and filename: /home/rob/MyGit/Pi_In_The_Sky-master/main_program/test3_MQTTSerialLink/Pi-in-the-sky.cpp. The right box contains the path and filename: /home/rob/MyGit/Pi_In_The_Sky-master/main_program/test3_MQTTSerialLink/RoombaMQTT.cpp. Two blue arrows point from the bottom of each source file box up to the header file box, indicating that both source files include the header file.
