

main\_program/test4  
\_allCOM/OpenInterfaceConfig.h

```
graph TD; A["main_program/test4  
_allCOM/OpenInterfaceConfig.h"] --> B[cstdint]; A --> C[vector];
```

The diagram illustrates the dependencies of the header file `_allCOM/OpenInterfaceConfig.h` within the `main_program/test4` directory. Two blue arrows point from the header file box to the `cstdint` and `vector` boxes, indicating that the header file includes these standard library components.

`cstdint`

`vector`
